INFORMED CONSENT FOR TREATMENT

I, _____, hereby authorize Dr. Amanda H. Chaney of Chaney Integrative Family Medicine, to perform the following specific procedures as necessary to facilitate my diagnosis and treatment:

***Common diagnostic procedures*: Including but not limited to general physical exams, blood, saliva, stool and urine lab work.**

***Minor office procedures*: e.g., dressing a wound.**

***Medicinal use of nutrition*: therapeutic nutrition and nutritional supplements.**

***Botanical medicine*: botanical substances may be prescribed as teas, alcoholic tinctures, capsules, tablets, cremes, or suppositories.**

***Homeopathic medicine*: the use of highly dilute quantities of naturally occurring elements to gently stimulate the body's healing responses.**

***Lifestyle counseling and hygiene*: promotion of wellness, including recommendations for exercise, sleep, contraception and stress reduction.**

I understand that treatment by a naturopathic medical doctor is intrinsically different from treatment by a conventional medical doctor. Naturopathic medicine is intrinsically safer than other systems of medicine, though there are potential risks in what we do as well. The care we provide may, or may not, be directed at a specific disease or disorder. It may be preventative in nature, designed to improve overall health and well-being, and restore the body's innate healing ability.

I recognize the potential risks and benefits of these procedures as described below:

Potential risks: allergic reactions to prescribed herbs and supplements, side effects of natural medications, inconvenience of lifestyle changes, injury from procedures.

***Potential benefits*: restoration of health and the body's maximal functional capacity, relief of pain and symptoms of disease, assistance in injury and disease recovery, and prevention of disease or its progression.**
***Notice to Pregnant Women*: All female patients must alert the doctor if they know or suspect that they are pregnant as some of the therapies used could present a risk to the pregnancy.**

With this knowledge, I voluntarily consent to the above procedures, realizing that no guarantees have been given to me by Chaney Integrative Family Medicine regarding cure or improvement of my condition. I understand that I am free to withdraw my consent and to discontinue participation in these procedures at any time.
Privacy Notice: Chaney Integrative Family Medicine is required by law to respect your privacy by following specific HIPPA guidelines. A "Notice of Privacy Practices" document is available upon request.
